

# LIFE SCIENCE NEWS

Published by the Institute of Arctic Biology

Monday, 1 August 2016

## Announcements

**2016 IAB-IMS Irving-Scholander Memorial Lecture series.** Mark your calendar now to attend three exciting seminars Sept. 6-7 by Professor Art DeVries and Professor Chi-Hing "Chris" Cheng. Their public seminar, "[Not Your Chevy's Antifreeze ...](#)" is free and everyone is welcome. Details on the science seminars coming soon.

**The 2016 Wildlife Society Publication Award - Outstanding Monograph** was given to Terry Bowyer, professor emeritus and IAB research scientist, and co-authors for "Effects of harvest, culture, and climate on trends in size of horn-like structures in trophy ungulates," by Kevin L. Monteith, Ryan A. Long, Vernon C. Bleich, James R. Heffelfinger, Paul R. Krauseman, and R. Terry Bower, *Wildlife Monographs* 183, 2013.

**Caribou-Poker Creeks Research Watershed** is an active NEON construction site. The road remains open only to ATV and foot traffic. NEON is in the process of installing power in and along the road so please use caution when approaching people or equipment. The contractor has agreed to make every effort to ensure that we have access but this means communicating with them when folks will be working in the watershed. Please send Jami Hollingworth your work schedules if you have any activities planned for CPRW this summer.

## Events and Seminars

No events scheduled.

## Travel

- **Abels, Mike**, 8/2/16 - 8/4/16, Toolik Field Station, Admin Visit
- **Becker, Tynan**, 7/31/16 - 8/5/16, Boston, MA, Attend the Advanced Course Immunology conducted by the American Association of Immunologists
