Announcements

UAF Department of Design and Construction is in the process of updating Evacuation Plans for all buildings on campus. New signs were recently released for Irving 1 which include the Veterinary Medicine facility. These plans are posted near all exit pathways. Take a look when you next pass by to update yourself on your closest egress. Similar signs are in final phases for Arctic Health Research Building and Murie and will be released soon.

The office of the Vice Chancellor for Research will be hosting an informative land management seminar on Wednesday, October 19, 3:30 PM - 5:00 PM in the Murie Auditorium. All researchers who plan to conduct research on state land in Alaska are encouraged to attend. See [this flyer](#) for more information.
