Announcements

The 8th Annual **Midnight Sun Science Symposium** is April 13th and 14th, 2017 on the first floor of the Murie Building. The Midnight Sun Science Symposium is an interdisciplinary research conference held at the University of Alaska Fairbanks. Organized by the BGSA, the symposium is for undergraduate or graduate students in the natural sciences interested in presenting their work or finding new collaborators in the far north. More information can be found at the [symposium website](#).

Quote of the Day

The past is really almost as much a work of the imagination as the future.
