Announcements

Congratulations, Larry Duffy.

Larry has been named a Fellow of the American Association for the Advancement of Science (AAAS) for his commitment to teaching, scholarship, research, and mentoring in Alaska for the last thirty years.

NSF announcement!

Effective in calendar year 2018, The Directorate for Biological Sciences (BIO) will implement a "no-deadline," full proposal mechanism.

If you plan on submitting a proposal to core programs in DEB, IOS, MCB and DBI, there is no deadline. In addition, DEB and IOS are discontinuing use of the preliminary proposal mechanism in 2018.

There will be no call for preliminary proposals in January 2018.
