Announcements

Alaska INBRE is accepting applications for our Summer 2019 Undergraduate Research Assistantships! The primary objective of this initiative is to provide support for a project in the biomedical sciences and health with mentorship from UA biomedical or health faculty. During the 2018-19 academic year, applicants must have been full-time undergraduate students enrolled in programs at a UA campus and must have been in good academic standing (min. 3.0 GPA). Applicants are expected to have identified a supporting mentor (UA faculty) and worked with that mentor to write the proposal. The summer URA is expected to work 40 hours a week with compensation during the summer (May 12 – August 17, 2019). INBRE will also include up to \$2,500 to spend on supplies and services to help support the research they conduct in their host laboratory. Application deadline is February 26, 2019, at 5 p.m. AKST. See <https://www.alaskainbre.org/opportunities/> for more information.

Events and Seminars

25 February 2019

- **Thesis Defense: Resource limitation and tradeoffs in blueberry and low-bush cranberry production in Interior Alaska**

Lindsey Parkinson

11:45AM - 12:45PM

Murie Bldg, rm 103

1 March 2019

- **Life Science Hour Seminar: One Health: An increasingly popular approach to wicked global health problems**

Gregory Gray

4:00PM - 5:00PM

Murie Life Science Bldg, Murie Auditorium.

Travel

- **Brian Barnes**, 2/24/19 - 3/2/19, Washington, DC, EPSCoR/IDEA Coalition Meetings & NSF Meetings
- **Julie Benson**, 2/24/19 - 2/28/19, Washington, DC, EPSCoR/IDEA Coalition & Congregational Delegations meetings
