Announcements

Alaska INBRE is excited to announce a new multi-year pilot opportunity. For more information, check out the Funding Opportunity Announcement. The application deadline is November 15, 2019 at 5pm AKST.

The Shared Beringian Heritage Program (SBHP) is pleased to announce a Notice of Funding Opportunity for new 1-3 year projects beginning in Fiscal Year 2020. SBHP seeks to advance understanding and preservation of the Beringian region's resources and to assist efforts to sustain the cultural vitality of its indigenous peoples. Specific programmatic goals are to: improve conservation, sustainability, and knowledge of the region's natural and cultural resources; help preserve subsistence opportunities and other historic traditions and practices; interpret and communicate about the region's unique and internationally significant resources and values; and provide opportunities for cultural connections and knowledge exchange. All projects must include a Russian component.

Information about the funding call, the Shared Beringian Heritage Program, and application instructions may be found at: www.nps.gov/subjects/beringia/2020fundingcall.htm. The application deadline is October 21, 2019.

Seminar Video Available
Last week's Life Science seminar by Diane Wagner is now available for viewing on the Life Science Hour page.

Events and Seminars

25 October 2019
• Thesis Defense: First machine learning-based model predictions of Great Gray Owl (Strix nebulosa) distribution in Alaska: A primer for supporting conservation governance
Phillip Andrews
Biology and Wildlife Department; Institute of Arctic Biology
1:00PM - 2:00PM
Elvey Auditorium (Elvey 214)

• Life Science Hour Seminar:
Navigating the New Arctic: Landscape evolution and adapting to change in ice-rich permafrost systems
Skip Walker
Travel

- **Benson, Julie**, 10/18/19 - 10/23/19, San Francisco, CA, SRAI Annual Meeting

New IAB Publications

Falke, J. A. (f), Huntsman, B. M. (p), and Schoen, E. R. (p) (2019). Climatic variation drives growth potential of juvenile Chinook Salmon along a subarctic boreal riverscape. 57-82 [IAB 4467].
